In order to participate effectively in the auction, qualified bidders should refamiliarize themselves with the auction rules and other information contained in the MDS Bidder Information Package, particularly pages 35-47 and 60-62. The following information provides additional guidance.

It is each applicant's responsibility to ensure that all registration information has been received.

Lost login codes, login passwords and bidder identification numbers can be replaced only at the FCC Auction Headquarters, located at 2 Massachusetts Avenue NE., Washington, D.C. 20002. If a replacement is necessary, either an authorized representative or the certifying official (as designated on the applicant's FCC Form 175-M) must appear in person with two forms of identification, one of which must be a photo identification.

Electronic Bidding

Each qualified bidder that wishes to bid electronically must purchase electronic bidding software. Bidders may duplicate the software for backup or for use by authorized representatives
